Note to the reader:

The Nebraska Revised State Statute 81-15.244 states,

“The owner or operator of any facility which is required to prepare or have available a material safety data sheet for a hazardous chemical meeting threshold quantity requirements under regulations promulgated under Title III shall prepare and submit annually on or before March 1 beginning in 1998 a tier II inventory form on data for the preceding calendar year to:

(a) The local emergency planning committee for the emergency planning district in which the facility is located;

(b) The commission coordinator* for information; and

(c) The fire department** with jurisdiction over the facility.”

[Asterisks added for clarity:
 *(Nebraska Dept. of Environmental Quality)
 **(Community Emergency Coordinator)]

The Region 22 LEPC provides the Banner County Emergency Management Liaison this data for planning and response purposes. At the request of the Banner County Emergency Liaison and under the auspices of and with the approval of the Region 22 Local Emergency Planning Committee (LEPC), the data normally reported here for use by citizens and first responders is retained by the LEPC. Scotts Bluff County Communications retains this information for instant access by first responders. It is the responsibility of the LEPC to make this data available to citizens upon request, following the process and protocols as described within SARA Title III regulations.

The public and responders can also access information about chemicals stored in local facilities on-line at:

or on the NDEQ web site: www.deq.state.ne.us, go to the search box, lower left, enter: “SARA Title III”, click “Online NDEQ Tier II System”. Follow the step by step instructions and menu boxes.
Chemicals in reportable quantities are listed on the DEQ website: [www.deq.state.ne.us](http://www.deq.state.ne.us), use the search words: “SARA Title III”.
