Preventive Services Covered Under The Affordable Care Act

As part of the Affordable Care Act (ACA), certain preventive care services will be covered at no cost to you. This means that you can see your primary physician and receive certain preventive services and your health plan will pay 100% of the charges. The U.S Preventive Services Task Force, an independent panel of scientific experts is in charge of creating a list of preventive services that should be covered. They do this by ranking preventive services based on strength of scientific evidence and preventive services with a grade of A or B are those that are required to be covered. The following is a list of those services that currently have a grade A or B.

**Preventive Services for Adults**

- **Abdominal Aortic Aneurysm** one-time screening for men of specified ages who have ever smoked
- **Alcohol Misuse** screening and counseling
- **Aspirin** use for men and women of certain ages
- **Blood Pressure** screening for all adults
- **Cholesterol** screening for adults of certain ages or at higher risk
- **Colorectal Cancer** screening for adults over 50
- **Depression** screening for adults
- **Type 2 Diabetes** screening for adults with high blood pressure
- **Diet** counseling for adults at higher risk for chronic disease
- **HIV** screening for all adults at higher risk
- **Immunization** vaccines for adults--doses, recommended ages, and recommended populations vary:
  - Hepatitis A
  - Hepatitis B
  - Herpes Zoster
  - Human Papillomavirus
  - Influenza (Flu Shot)
  - Measles, Mumps, Rubella
  - Meningococcal
  - Pneumococcal
  - Tetanus, Diphtheria, Pertussis
  - Varicella
- **Obesity** screening and counseling for all adults
- **Sexually Transmitted Infection (STI)** prevention counseling for adults at higher risk
- **Syphilis** screening for all adults at higher risk
- **Tobacco Use** screening for all adults and cessation interventions for tobacco users
Preventive Services for Women, Including Pregnant Women

- **Anemia** screening on a routine basis for pregnant women
- **BRCA** counseling about genetic testing for women at higher risk

*Preventive services don’t include services intended to treat an existing illness or injury but are used to prevent future health issues and intervene at an earlier time. Payment of benefits will depend on how the provider submits claims. If claims are not submitted with the appropriate code for preventive services, claims will not be paid at 100%. If you are visiting the physician for multiple reasons, your visit may not be covered at 100%. If you have a question regarding how your claims paid, you can call Regional Care, Inc. Customer Service at (308) 635-2260 or (800) 795-7772.*
